Mats Inc. Announces Sourcewell Partnership

Stoughton, Massachusetts – Mats Inc. has entered into a national purchasing partnership with Sourcewell, formerly NJPA, a cooperative organization with more than 50,000 government, education and nonprofit members across the United States and Canada.

The four-year contract has been awarded in the Athletic Surfaces category and includes athletic surface protection, multipurpose sports flooring, and weight room and fitness flooring as well as additional product categories listed on the Sourcewell website.

“I’m very excited about the athletic surfacing solutions Mats Inc. can provide our Sourcewell members,” said Nicholas Trout, Contract Administrator at Sourcewell.

Sourcewell’s member agencies now have a purchasing advantage with access to contracted pricing for top quality flooring products for their facilities. Along with standardized pricing, member entities are offered a dedicated Mats Inc. customer service team and are able to streamline the product procurement process, which can particularly cumbersome with traditionally bidding.

“The new contract with Sourcewell has created a fitting alliance between our two organizations,” stated Joshua Bradbard, Senior Vice President of Sales at Mats Inc. “Mats Inc. is able to leverage our knowledge and expertise to offer Sourcewell members flooring solutions that protect interior surfaces and prevent the risk of injury to building occupants.”

Mats Inc.’s contract number is #060518-MAT.

About Sourcewell
