

## **Bobcat Company earns U.S. Fish and Wildlife Service compact equipment contract**

---

(WEST FARGO, N.D. – July 2018) Bobcat Company is proud to announce it has been awarded a five-year, \$25 million compact equipment Indefinite Delivery/Indefinite Quantity (IDIQ) contract from the U.S. Fish and Wildlife Service.

“We are pleased to announce our new partnership with the U.S Fish and Wildlife Service,” said Randy Fuss, director of government accounts at Bobcat Company. “We are dedicated to the mission of sustainability that the U.S. Fish and Wildlife Service embodies and know that our wide range of compact equipment and attachments will help meet all of their needs.”

Bobcat will supplement the needs of the U.S. Fish and Wildlife Service with its compact equipment lineup, including skid-steer loaders, compact track loaders, compact excavators, mini track loaders, utility vehicles, telehandlers and the compact equipment industry’s only Toolcat™ utility work machine. With more than 550 dealers, Bobcat Company will provide parts and service to all machines provided to the U.S. Fish and Wildlife Service nationwide.

The U.S Fish and Wildlife Service manages the 150 million-acre National Wildlife Refuge System of more than 560 refuges and thousands of small wetlands and other special management areas. Under the Fisheries program they also operate 70 National Fish Hatcheries, 65 fishery resource offices and 86 ecological services field stations.
